TABLE OF SOUNDINGS

NAME	PLACE	NO. of soundings	MEASURE	UNIT
Atlantic Point	Atlantic Point	1	1	1
Atlantic Point	Atlantic Point	2	2	2
Atlantic Point	Atlantic Point	3	3	3
Atlantic Point	Atlantic Point	4	4	4
Atlantic Point	Atlantic Point	5	5	5

HORIZONTAL DATUM
The horizontal reference datum of this chart is the North American Datum of 1983 (NAD 83), which is the World Geodetic System 1984 (WGS 84). Geopotential positions referred to the North American Datum of 1983 must be corrected an average of 0.40' southward and 1.19' eastward to agree with this chart.

NOTE A
Navigation regulations are published in Chapter 2, U.S. Coast Pilot 2. Additional regulations concerning the regulations may be obtained at the Office of the Commandant, U.S. Coast Guard, 1674 Rhode Island Avenue, NE, Washington, DC 20018.

NOTE B
The project number 40101 is only valid on any single day for navigation, particularly on the same day. See U.S. Coast Pilot for details.

NOTE C
Numerical soundings are non-dominant to surface navigators. Use of the area indicated by the following coordinates: 40° 57' N, 73° 20' W to 40° 57' N, 73° 20' W. Many of these soundings are not charted.

SUPPLEMENTAL INFORMATION
Consult U.S. Coast Pilot 2 for important navigational information.

AIDS TO NAVIGATION
Consult U.S. Coast Guard Light List for supplemental information concerning aids to navigation.

RADAR REFLECTORS
Radar reflectors have been placed on many floating aids to navigation. Individual radar reflector identification on these aids has been omitted from this chart.

CAUTION
Aids to navigation are omitted from many of the bays and creeks on this chart. For navigational purposes use larger scale charts.

CAUTION
Temporary changes or defects in aids to navigation are not indicated on this chart. See Long Notice to Mariners.

CAUTION
During severe winter months or when under-ice conditions exist, navigation may be hazardous. For details see U.S. Coast Guard Light List.

RACING BUOYS
Racing buoys within the limits of this chart are not shown. Information may be obtained from the U.S. Coast Guard District Office at racing and other special buoys are not shown in this U.S. Coast Guard Light List.

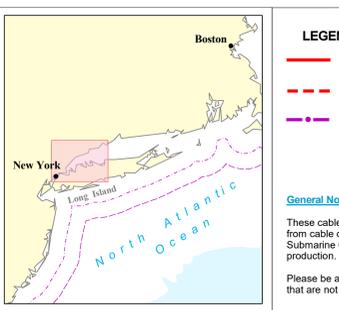

SMALL CRAFT WARNINGS
During the boating season small craft warnings will be displayed from sunrise to sunset on New York City and Dutch County Police Patrol Boats while underway in the East River and Long Island Sound.

NOAA WEATHER RADIO BROADCASTS
The NOAA weather radio stations listed below provide continuous weather forecasts. The reception range is typically 20 to 40 nautical miles from the antenna site, but can be as much as 100 nautical miles from stations at high elevations.

CAUTION
The cable and pipeline areas shown within the limits of this chart are not shown. Information may be obtained from the U.S. Coast Guard District Office at racing and other special buoys are not shown in this U.S. Coast Guard Light List.
